***Do your policyholders need assistance with their insurance claims? If yes, please give us a call at 321-25-CLAIM or 321-252-5246.***

Dear :

My name is Dominick Belinchak with Public Adjuster Hotline, Inc. Since 2009, our company has been assisting policyholders with their insurance claims throughout the State of Florida. As you are aware, only attorneys and public adjusters can represent your policyholders with their insurance claims in the adjustment and negotiation of their loss.

We're a different kind of public adjusting firm... we believe that a fair settlement can be achieved through open communication with the insurance company representatives and discussing all policy provisions with them. Very few times have we had to go to appraisal or mediation.

By calling Public Adjuster Hotline, Inc you'll have access to a network of over 300+ public adjusters throughout the State of Florida ready to assist your policyholder.

For a FREE Consultation, please feel free to give us a call at:

We hope that you will refer your policyholders to Public Adjuster Hotline, Inc. If you have a policyholder with an older claim (perhaps a disputed one), we may be able to reopen the claim (up to 5 years old) and attempt to negotiate a supplement payment, if warranted.

Did you know that most public adjusters started out working as insurance adjusters for the insurance companies? We've seen firsthand how insurance companies can deny, delay and underpay claims. Public adjusters work for contingency fees -- between 10%-20% of new money. Have your policyholder give us a call today and ask for a FREE consultation by calling 321-25-CLAIM (321-252-5246).

Refer your friends, neighbors and co-workers to Public Adjuster Hotline!!

When your policyholders have an insurance claim in the future, consider telling them to hire Public Adjuster Hotline on Day #1 of the claim's process. Whether they have a small loss or large loss, we want to hear from your policyholder! We are consumer advocates representing only the policyholders. We can take away much of the stress that your policyholder feels when they open a claim without representation. Instead, we can make first contact with their insurance company, open their claim, properly photograph and document their loss, write our own estimate of repairs, submit our estimate to your policyholder and the insurance company representatives, meet with and discuss/negotiate the loss with their insurance company representatives, assist in recommending contractors for repairs, help your policyholder take advantage of all policy provisions available to them and ultimately make sure that they're properly represented throughout the entire claims process.

Public Adjuster Hotline, Inc. is a Florida licensed and bonded public adjusting firm (License #P175669). We are not attorneys and cannot provide you or your policyholders with legal advice.

Florida's Department of Financial Services has shared with us that you are a licensed insurance agent or insurance broker holding a 2-20 license. Feel free to forward this e-mail to your policyholders and/or give us a call whenever you have a question about coverage. As an advocate for the policyholder, we've been able to educate many policyholders (and agents) in better understanding the policy language -- what's covered, what's not, why it's not covered, etc...

THIS IS A SOLICITATION FOR BUSINESS. IF YOU HAVE HAD A CLAIM FOR AN INSURED PROPERTY LOSS OR DAMAGE and YOU ARE SATISFIED WITH THE PAYMENT BY YOUR INSURER, YOU MAY DISREGARD THIS ADVERTISEMENT.
