See You Tonight At The FLARS Legislative Update Seminar

We look forward to seeing you tonight at the Flars legislative meeting at 6 PM at Doc Street Grill across the street from the Orlando ORMC Hospital 1315 South Orange Avenue Suite 1F Orlando, Florida 32806. The event will be located on the second floor of the venue. Parking is complimentary.

We have been fighting the insurance industry on your behalf for the last two years and thwarting their attempts to put us out of business. If you are NOT a large franchise or one of the few independents that are on the inside with BIG INSURANCE, then you will surely benefit from this special event that pulls together everybody who continues to be threatened by "Right to Repair", "Assignment Bans", and many other tactics insurance companies are using to destroy us. Don't let the insurance companies "bully" us out of your money.
